'If Sward or any other Black Republican is seed of freed in 1860, I om in favor of discolving the Union and retting up a Southern Confederacy.' This is the language of a Sect-berne concernment of the African slave trade, demunciation of congressional Slave Code for the Territories, repeating as a traiter, and anch other propellitions of a see sure to bring about the election of a Black of the Country of the African slave trade, demunciation of a Black of the African slave trade, demunciation of the African slave trade, demu

which all such politicians closely, as there is to same man in the South who can point to a single good reason, under the present state of public affairs, why the Lul in school do dissolved, or why the South should be dissolved, or why the South should be dissolved, or why the South should be dissolved, or why the South lived ander the odious restriction of the Missoni Compressive, and in the meentime and very little about dissolution. This of loss restriction has been removed, mainly through and by the power and influence of Mr. Douglas, and the South has been removed, mainly through and by the power and influence of Mr. Douglas, and the South has been removed, mainly through and by the power and influence of Mr. Douglas, and the South has been placed on an equal footing in the Terriporios with the other portions of the Usion.

The presses, or through Congress or State Legislatures are southly the last of the state of the stat

of his poettion, which was then regarded by all the Southern Senatorn as antagonistical to the South, and is yet denounced by the Southern Democratic gaulzation of the next llouse? leaders as the segment of Cougres, Mr. Douglas sees that he has precipitated the denouement of his earth's central flames. came, and is now playing it out boldly, like a skillful political gamester as he is. A few mouths ago, Utah correspondent:

he was no candidate for the Presidency; now he is making a stump canvase for the Charlestou nomination, and is talling for it with all the ardor of his impetatous unture.

Can the South shut its doors of reason is the face of them feets, and reject the clear convictions to be fairly deduced from the conduct of Mr. Donglas? Can it be deceived by the sophisms of the Mamphis Arpeal, when it plays the demagogue by maying, that, when the North talks of re-establishing the Missouri line, it will be dime sough to harbor the idea of dismuion. Intelligent men in the South now cee and acknowledge the error of its repoid, and are beginning to be convinced that Douglas was surged to it by the most selfish purposes of the assert of the same contract to Messrs. Holliday & C.?

Mamphis Appaal, when it plays the demagogue by mything, that, when the North talks of re establishing the Missouri I'me, it will be dime senough to harbor the idea of dismusion. Intelligent men in the South now eee and acknowledge the error of its reped, and are beginning to be convinced that Douglas was surged to it by the most selfic purposes of personal advancement. It was of course his intendent to be conciliate the Southern Democracy by conceding the casedidate to them in 1860, on the ground that Pierce in 1852 and Brehaman in 1866 were from the North, and quintly bile his tima in 1861. But man proposed, and chance has disposed of the whole submanded the personal advancement of the North, and quintly bile his tima in 1861. But man proposed, and chance has disposed of the whole submanded the personal perhaps, if Douglas can find success the proposed and chance has disposed of the whole submanded the personal portions, by reason of the first personal and the surreader to the growing anti-alarety centiment of the North. The Appeal charges that those who take the extreme portion, by reason of their having described he principles of the Kanasa Nebraska bill, are endeavoring to bright the described of the surreader to the States to a knowledge of the manure in which the provides of the kanasa Nebraska bill, are endeavoring to bright the first development of the manure in which the provides of the kanasa Nebraska bill, are endeavoring to bright the development of the manure in which the provides of the kanasa Nebraska bill, are endeavoring to bright should be development of the manure in which the provides and the provides of the manure in which the provides and the provides of the states to a knowledge of the manure in which the provides and the provides and the provides of the states to a knowledge of the manure in which the provides and the pr te bring about the electra of a Black Republican Frendent. Mr. Buchanno, Ger. Whee, Senators Hanter, Nason, Jeff. Divis, and Gwin accuse Mr Douglas of "pattering in a double sense" with that principle, while Douglas himse", Governors Walk-er and Stantor, Hickmen, Haskin, the anti-N-btanka Bemocrate of Hilmois, Formey, &c., denounce Backanno's course as the groness treachery to the floor contract. Buchanan'e course as the grossest treachery to the risal principle of that bill. And yet all claim to be National on the embject of slavery, at the very public auction of two thousand more mules. The At length an advertisement appeared in the colbe National on the subject of slavery, at the very
time these incongruous and irreconcilable conflicts
of sentiment are waged among them. And them, to
cap the climax of imposture and abcurdity, Mr
Douglas, in his electionsering tour through Ohio,
speaks at Columbus and Cincinnati without a single deferential reference to the Dred Scott decision.
Why? Ha knows that that decision—the adjudicated supreme law of the land, above all acts of
Congress, of Tarritorial Legislaturea, and of partian
platforms—puts a veto on his decirine of Nan-In.

At length an advertisement appeared in the colpublic auction of two thousand more mules. This,

TUCKY STATE AGRICULTURAL SOCICTY.

LEXINOTON, Sept. 16, 1819.

It is quite impossible to couvey in a more letter a correct notion of the finatunes at this Fair which are wall worthy of most preformed a moderation. Must people have a general idea of egricultinal fairs, but reflective mit do can deriva from such ax bloations of the results of industry and incident in the state of the value of the derivation of the state of the state

progress in a direction bitherto newplored liv Kentuckiana. The crossing of approved Black His-key Massengers, and the best Margans with car therough bred mares will in turn produce the best producers in the Union. I shall not be emprised to rea Flora Temple's best time beaten in this State within a dozen years.

AGRICULTURAL INFLEMENTS.

The show in this department was the best ever under in this State. There were threshers, movers, reparaters, rakes, lapproved harrows, plows, milla dec., in profusion, to which the attontion of farmers was directed with an intensity that argues fevora lly for the adoption of machinery to a large exist. The threshing machine manufactured in Loaisville received the first premium.

States Agriculturri Fair at Cnicago. patriotic elequence, it will be read with pleasure vers of the Union everywhere.

THE ANNUAL EXHIBITION OF THE REPUCKY STATE AGRICULTURAL SOCIETY.

f water. The deed is supposed to have been done in a fi The post-office at flantaville, Unlen county, K

Tha telegraph has given a pretty fall acco the Chicago tire. Five blocks were laid in ashe nd in them were located the following prominent ildings. We copy from the I'ress: buildings. We copy from the Press:

The Cochract House was an elegant six-story structure of the first-class in hotel architecture, and finished and erected some three years sicce. It was six stories in beight, and fronted on Lake afreet, just west of Clinton. It was of Athenative for, and thoroughly appointed and finished for botel business of the first order. In fact, it was too good and too much in advance of that it was too good and too much in advance of the it was too good and too much in advance of the it was too good and too much in subsance of the believe—and it had for some time evod ucoccupied.

oblining itself was very ane, having been and in a most durable manner, as all who witaeased the correlation of the proprietors of durable manner, as all who witaeased the correlation in the correlation of the proprietors of durable manner, as all who witaeased the correlation in the correlation of the proprietors of make it a pince of agreeable, fashionable, and owned by S. Baker, valued at \$37,000 and all

galloyed, but has shown fire running qualities in the pasture. He is a large chestent sorrel, of great power and alsegant form.

The ring of aged roadster stallows was contected by a dyren splar did rp-cimens of horesteeds, some of which displayed captivating style and high spond. A magnificent buy, whose owner I do not know, took the blue slibbon, and the pink was awarded to "Rattler," belonging to Mr. Downing, of Lixington. Rattler, was aired by "Stockbridge Colef," a celebrated Black Hawk horse, owned in Hamilton country, Ohio, by Mr. Joseph Cooper. The slie is a "2:46" horse, and he reputed the best hor a in America—lax, style, and speed considered "Rattler" as a chestrant sorrel, not co large as bis sire, best posteresing the same splendid style. Ha is five yars old, and promises great speed.

The ring of aged roadster geldings was the best owar seen in Kenlesky. There awers no lesse than twenty-three antries, some of them vary fast, all of them high-prized horse, and montly well-bred. The first premisers, after protraoted dishets, was a awarded to avery fast, businesse bown owned by Mrr. Zob Ward, of Woodferd, who paid \$700 for him in that righ before the ribbore ware cecified. His immediate competitor was a large, noble, light immediate complished mistrees would bave disported the blue ribb in.

Kentecky, always famous of late years for ead-die horses and mates, made a handsome above to this accomplished mistrees would have disported the blue ribbs in.

WOODLAWN COURSE-FIRST TROTTING DAY,-The sa orb track which the enterprising spirit of a few of our citizens has prepared for the public was opened for the first time yesterday. The weather was fire, the track in axcellent order from the rain of the

for the first time yesterday. The weather was fixe, that track in excellent order from the rain of the previous night, and the attendance was very arga. The Londsville and L-xington Ra 'road rain exiting the existing difficulties tween the two first trating to excommendate the lover of spir. Precisely et 3 P. M. the bell gave the signal for the first tretting match and threa horses came to the stand:

S. S. Tamar's black horse Washtensw Chief, D. Helm sohn's sorrel horse John Harry, John Berks's black horse Bull in the Woods.

The assimels ell looked in fine condition and made as axcellant start. John Herry, driven by Andy Mellen, took the lead, followed by Washtensw, driven by Thinar, while Comant held the resine for little in the Woods. Ou the second quarter the Bull in the Woods. Ou the second quarter the Bull in the Woods. Ou the second quarter the Bull in the Woods. They passed the stand on the first round in 2:47, and on the econd mile preserved their relative distances, coming in in 2:40, as follows:

John Henry.

I Bull in the Woods.

At the tap of the bell for the econd best the two competing animals came up in good, fresh condition and made a fair start, after a second trial. The Bull made a dasperate brush on the tirst quarter, but soon showed he ask out the fort to come will in Mary Swan made a resident the competing animals came up in good, fresh condition and made a dasperate brush on the tirst quarter, but soon showed he ask do to the fort to come will in Mary Swan made a resident has produced an exiting the existing difficulties the nonlasticion of the size of the circle. Our present embaration of this arressing material took of two or in arrange ing the difficult and arduous lashes greatly relieved the Administration of this arressing and toutheleoms, question.

Mr. Campbell should made and sevent members arranged to the whole matter when intelligence does him through the whole matter when intelligence does. Harney in the difficult and arduous lashes greatly relieved the Administration of this

and made a fair star, after a second trial. The Bull made a desperate brush on the tirat quarter, but soon showed he and not the fort to come within elead and increased his circums froughout, beating and by though the circums and increased his circums froughout, beating and by though the time of the heat was better that that of the first—being first mile 2:42, econd mile 2:42—in all 5:24. The Judges declated J his Heaty victor of the race, the purse being \$300 entraces and \$400 d kd. victor of the race, the purse being \$300 entraces and \$400 ad led.

Time, 5:27-5:21.

For the second race, mile heats, free for all three ear olds, J. H. Oatman's chestout colt, by Septiman, paid forfeit. The entries were:

The U.S. Lodge of Old Fowe assembled here today. Nothing of imported transpired bayond the reading of reports, pt. Time, 5:27-5:21. nan, paid firfeit. The entries were: A. II. Brand's Kentucky Chief, S. B Lawis's O e Bull.

L. Herr's Maid of Ashland.

Kentrcky Chief was the favorite against the aid. The start was from the string reck and nock, sentucky Chief taking the lead. On the first quarter the Mald of Ashland's bridia broke, an he owner was compelled to draw up and walk hack to the stand. The general impression from this accident was that there and been full driving on the part of Ole Bull's rejneman, but while we were debating this, the Kentucky Chief had gaired a land an advance in the rates of freight large space in advance, and came round in 2:50%. We have, however, advices from Pittals without eny effort, leaving Ole Buil nowberes away beyond the distance post. This inauspicious termination made short work of the cooten plated of the sport, and the epoculators started for the care and pretty good business during the week, d son reached home.

be the light and such a based and a water of a black and swe to a Missinshpyan for \$4.00.

As a life on the Cochrana House, of equal height fat Cotavold webstra were also cold to Mr. W.

Each, of St. Louis, for exhibition at the Fair that city. Mr E does also purchased a 2,000 and bullock for \$200.

Be "blood" rings were vary fine. John Minor the carbot of the compied by various tanants, was also destroyed. Nowdered, against A. Kreen Richard, a imported ght of St. Course, by "frishbir'catcher." This coupied by various tanants, was also destroyed. The conditions was considered long before deciding, but firedly red the first premium to Revenne. thimste a connection between an oak and sweet gam as he will ever find between wheat and chees.

Grow Good Grass and Karr Good Stork.—
We make the tollowing extract from an article in the Sou hear Field and livesside, a new and spirited journal recently started in Augusta, Ga., the agricultural department of which is edited by our old friend Br. Daniel Lee:

At an ima withle the memory of man have wood growing, and the rearing of heree, mules, and heart must be one so remunerations to come? All our national habits end customs operate against the systematic of such as act will just he matter of etch has hardy both large and crisis. No one absold wast till his fards ones to preduce good crops of cotton, core, and when', lefter he seefls them down to the law Interpendence of corting out the lard beauty of the large and crisis. No one absold wast till his fards ones to preduce good crops of cotton, core, and when', lefter he seefls them down to the law Interpendence of corting out the lard beauty of the state of the law Interpendence of corting out the lard beauty improve a form without the lard to the farm it and, as at the N. th, live stock will be driven of the premises. When use raises to more corn then the children mead, it is easy to see that fur few bogs will be fat and on the grain. Something like this state of things reduced the number of ontion nearly two multion hand from 1840 to 1850, where there ought to have been an increase of a live number. Similar course reduced any time the state of things reduced the number of ontion nearly two multions had of the row in the state of things reduced the number of ontion nearly two multions had for the produced to the same way? When I cover doubt described the first of the deep way to be a feet of the same way? I when I cover doubt the preduced to the first of the deep way in the first of the cover had been to the first of the

million band from 1810 to 1850, where there on the ta have bean an increase of a the number. Similar causes reduced coatly twelve million bend of sheep to a fraction over five million.

It is choice coae, obeep, horsen, and miles that the determination over five million.

It is choice coae, obeep, horsen, and miles that the determination over five million.

It is choice coae, obeep, horsen, and miles that the determination of the restance of the same of the same and the same has a list of any production of crebe, or meas stock of any three power farm in succe husbandry. Such almusts may obtain a part of their living from noimproved old fields, particularly. Such almusts may obtain a part of their living from noimproved old fields, particularly such as a most prominent error in the captomic of the same of the production of the production of the same dispose and care the or reblane. They ask nesture to make their poor and the production of the production

chann who was one of the judges of abort hora of the exactness more than upon the attie at one of their fairs; it gives so much pless.

whole that, should be given e to chr niela the dawning of such independence, a eful and important lessons.ountry, where premiums are swarded to breeding attle, on account of the fat they carry—it is a maing evil, no withetateling the disapprobation

with waich the very best judges of cottle view lt. Let there be a reform inaugurated in Kentneky ln matter, and the result will be beneficial:

The Mark Lane Express, allinding to these remarks, well observes: "Our readers know how long his beat lesso our own argument, and how thorsing the beat lesso our own argument, and how thorsing prine stock into such disrepute—that lead been in America and the culonise dear bergains and arram batcher's beats. It is this that tende to an agent for one Daniel J. Clyrk, of Dayton, Oho, "to airon beatcher's beats. It is this that tende to a send, where one set of animals are kept for use and another for show. It is this that deters so many add men from ever exhibiting at all. The remody, waver, restricted for the council may be to so over the abnes, let them only act up to, and sak out like Mr. Phillips, and they may soon do lead of one of the country."

Sr. Lours, Sept. 14.

Sr. Lours, Sept. 14.

So where also of the MATERIA MEDICA. It compounds the said proportions are well shown to physicians everywhere, and the water proportion makes no ever of them, and they are preparated by a drugg of the color of the fact tr, who, as a gent for one Daniel J. Clyrk, of Dayton, Oho, "to a sit on the management of a continue of the management of the number of the most efficient percent of the MATERIA MEDICA. It compounds the try and proportions are well shown to physicians everywhere, and the water all the proportion are well shown to physicians everywhere, and the universal approphetor makes no ever to fit the and proportions are proportion, of the fit call the proportion and proportions of the MATERIA MEDICA. It compounds the U.S. and proportion are well shown to physicians everywhere, and proportions are proportions, of the water proportion when he proportions, of the water also the water also from the water also from the water also proportions of the fact of them, and they may proportion when he proportion and proportions are well shown to physicians everywhere, and proportion when the U.S. and proportion when the U.S. and proportion when the U.S. and proportion of the faculty, who, and proportion when not proportion and the

the Mr. Phillips, and they may soon do good. Nevermand what interested people who have dairy cow too fat to give milk, too pampered to get etock. If they are fixed to supersed to get etock. If they are fixed to supersed to get etock. If they are fixed to supersed to get etock. If they are fixed to supersed to get etock. Mining news good. Accounts from Corson and dop prizes a beast at a breeding show shipfies to the mada up for a Christmas one, is cancitoring as absurdity, a contradiction, slusion—if abt a dishonesty."
